

	Module 1 THE AUDITING AND ASSURANCE FRAMEWORK	1
1	ASSURANCE ENVIRONMENT ----- what are assurance services? -Definition - population of assurance services Fig.	4
	----- important influences on provision of assurance services - A. THE INTERNATIONALISATION OF AUDITING	5
	<ul style="list-style-type: none"> Regulatory agencies , what they want • International Federation of Accountants (IFAC) • International Forum of Independent Audit Regulators (IFIAR) • International Ethics Standards Board for Accountants (IESBA) - (code of ethics) • International Auditing and Assurance Standards Board (IAASB) 	5-6-7
	-Pronouncements issued by the IAASB Fig.	
B	REGULATION OF AUDITING IN AUSTRALIA - regulators and institutions that have an impact on the audit process, either directly or indirectly. They include -	7
	<ul style="list-style-type: none"> • Financial Reporting Council (FRC) • Australian Securities and Investments Commission (ASIC) • Accounting Professional and Ethical Standards Board (APESB) • Auditing and Assurance Standards Board (AUASB) - <u>similarities and differences with IAASB</u> - <u>The AUASB standard-setting process Fig.</u> - <u>equivalent Australian pronouncements to the International pronouncements covering various aspects of audit and assurance engagements Table</u> • Companies Auditors and Liquidators Disciplinary Board (CALDB) • Australian Securities Exchange (ASX) • professional accounting bodies: <ul style="list-style-type: none"> – CPA Australia – Chartered Accountants Australia and New Zealand (CAANZ) – Institute of Public Accountants (IPA). 	7 - 8 - 9
C	REGULATION OF AUDITING IN NEW ZEALAND - The External Reporting Board (XRB) consisting of New Zealand Accounting Standards Board (NZASB) and the New Zealand Auditing and Assurance Standards Board (NZAuASB) -The equivalent of the Australian regulator (ASIC) in New Zealand is the Financial Markets Authority (FMA)	10
2	ASSURANCE ENGAGEMENT FRAMEWORK --- A. ETHICAL PRINCIPLES - firms that perform assurance engagements must comply with the fundamental ethical principles outlined in IESBA's Code - (i) THE CODE - IESBA established by IFAC . (Code divided into 4 parts)	11
	1st Part -Fundamental principles (integrity , objectivity , professional competence and due care , confidentiality , professional behaviour) and Conceptual Framework (threats and safeguards)	12 - 13
	3rd Part - Professional Accountants in Public Practice - (conflicts of interest , professional appointments -additional requirements that apply to appointment of auditors in Australia , second opinions , Fees and other types of remuneration - threats and safeguards , Inducements - gifts and hospitality ,	14 - 15

	Custody of client assets , Responding to <u>Non-Compliance with Laws and Regulations</u> (NOCLAR) - objectives of an accountant if they encounter or are made aware of NOCLAR	
	4th Part - Independence (Part 4A) Under the Corporations Act, ASIC has responsibility for the surveillance, investigation and enforcement of auditor independence	16
	Australian requirements - APES 110 issued by APESB and ASA 102	17
B.	QUALITY CONTROL STANDARDS - professional accountants subject to <u>ISQC 1</u> , -similarities and differences between <u>ISA 220</u> and <u>ISQC 1</u> , -IAASB issued a proposal of international standards on quality management , what is quality management?	18
(i)	Elements of Quality Control --- (a) Leadership Responsibility (b) Ethical Requirements (what does system that support ethical behaviour include?) , ISA 220 , what is important for the engagement partner to do? at what level there can be non-compliance ?	19
(c)	<u>Acceptance and Continuance of Client Relationships</u> - risk checklist to assess the integrity of a client , what does the risk assessment affect?	
(d)	<u>Human Resources</u> , Assignment of Engagement Teams	20
(e)	<u>Engagement Performance</u> - Important policies and procedures that relate to engagement performance are- ~ <i>Consistency in the Quality of Engagement Performance</i> ~ <i>Supervision and Review</i> ~ <i>Consultation (mentoring scheme)</i> ~ <i>Engagement Quality Control Review</i>	21
(f)	<u>Monitoring</u> - monitoring of audit control , - INFO 222 'improving and maintaining audit quality' , - internal and external monitoring	22
	Transparency report by larger audit firms of significant entities	23
(ii)	A Framework for Audit Quality - Fig. , -what is included in a quality audit's input , process and output , - the 1st , 2nd and 3rd part of the audit quality framework	24
C.	DESCRIPTION OF ASSURANCE ENGAGEMENTS - Examples of assurance engagements - Table:	25
D.	ATTESTATION AND DIRECT ENGAGEMENTS - Assurance engagements include • Attestation engagements • Direct engagements (assurance engagements either an attestation engagement or direct engagement - no overlap) , -distinction between attestation engagements and direct engagements	
E.	REASONABLE AND LIMITED ASSURANCE ENGAGEMENTS - meaning of the term " reasonable assurance " -what Sufficient appropriate audit evidence includes:	26
	examples of conclusions provided in ISAE 3000 for an audit of the financial statements , how limited assurance engagements conclusions are conveyed	27

F.	SCOPE OF THE FRAMEWORK - assurance engagements that practitioners perform that are not covered by the framework	
G.	ELEMENTS OF AN ASSURANCE ENGAGEMENT - Elements of a generic assurance engagement Fig. , --Comparison of the elements of a generic assurance engagement and a financial statement audit : Table	28
	Explanation of the elements of assurance engagements --- (i) Three party relationship - – <u>practitioner</u> (the assurance practitioner) – <u>responsible party</u> (responsible for the underlying subject matter and the preparation of the subject matter information) – <u>intended users</u> (of the assurance report) , table of examples of different types of engagements and their intended users , ---examples of assurance engagements performed for a specific purpose with only one user	29
(ii)	Underlying Subject Matter - what appropriate subject matter includes , -- Subject matter of an assurance engagement Table:	30
(iii)	Criteria - meaning. ---criteria can be formal, --- Characteristics and examples of suitable criteria Table:	31
(iv)	Evidence - Evidence gathered should be sufficient and appropriate , ----- an assurance practitioner has to exercise professional scepticism (consisting of sceptical mindset and sceptical attitude) , information technology changes affects auditor's scepticism	32 - 35
	----- Professional Judgment (examples of audit judgements) , <i>judgments pertaining to evidence collection and evaluation are made within the context of materiality</i>	35- 36
	----- Engagement risk (assurance provider assesses the engagement risk during the planning stage of the engagement by assessing three components - <i>inherent risk , control risk and detection risk</i>)	37
	---- Nature, Timing and Extent of Procedures	38
(v)	Assurance Report - determination of level of assurance involves consideration of the relationships between underlying subject matter , the criteria , quantity and quality of evidence	
3.	TYPES OF ASSURANCE ENGAGEMENTS - (different types of assurance services that an assurance practitioner can provide)	39
A.	AUDITS OF FINANCIAL STATEMENTS - financial statements free from material misstatements and prepared in accordance with financial reporting framework , --- true and fair view ----what directors must declare according to the corporations Act , --- additional notes in the financial report if compliance with accounting standards doesn't give true and fair view.	40
	Sec. 301 of the Corporations Act , ---requirements of the auditor in fulfilling their role	

(i)	<p>Limitations of an Audit - reasons behind the limitations of audit , --- nature of financial reporting refers to the use of judgement , --nature of audit procedures refers to the reliance on evidence provided by the client and its management. , ---sampling is used when testing transactions and account balances ,</p> <p>--- what timeliness and cost of a financial report audit refer to</p>	
B.	<p>AUDITS OF SPECIALISED AREAS -</p> <ul style="list-style-type: none"> • special purpose financial statements • single financial statements or components thereof • summary financial statements including concise financial reports 	41
C.	<p>REVIEW ENGAGEMENTS - assurance practitioner <u>engaged in performing review of financial report rather than an audit</u> , --how a <u>review differs from an audit</u></p>	
	<p>--- <u>reviews of historical financial information</u> other than a complete financial report</p>	
D.	<p>HISTORICAL NON-FINANCIAL REPORTS ASSURANCE - ISAE 3000 an umbrella standard for other assurance engagements (which may be either '<u>reasonable</u>' or '<u>limited</u>') , assurance of non- financial information reports</p>	
E.	<p>FUTURE-ORIENTED INFORMATION ASSURANCE --- what it includes , ---- what kind of opinion and report does the auditor give</p>	42
F.	<p>ASSURANCE ON SYSTEMS AND PROCESSES - '<u>Systems and processes</u>' one of the categorisations of <u>underlying subject matter for other assurance services</u> , most common <u>other assurance services</u> relate to <u>internal control</u> - Sarbanes–Oxley Act 2002 , ISAE 3402 , ASAE 3150 , --- how does providing a report on internal controls help?</p>	
	<p>-- kind of audits are included in assurance on systems and processes -</p> <ul style="list-style-type: none"> • internal audits • internal controls audit - Engagements in relation to control procedures may be <u>direct reporting engagements</u> or <u>assertion based engagements</u> • continuous auditing - on what are auditors asked to continuously audit an report on , ---auditing issues related to continuous audit 	42-43
G.	<p>ASSURANCE ON ASPECTS OF BEHAVIOUR - include (i) Compliance Engagements - what assurance does compliance engagements provide , ---upon what is the level of work the auditor needs to carry on will be dependent , ---- ensuring the suitability of the criteria against which the outcome is to be measured , ----what should the report prepared by the auditor identify and state</p>	43
(ii)	<p>Corporate Governance Assurance -</p>	44
I	<p>PERFORMANCE OF AN ACTIVITY - Performance engagements are concerned with the economy, efficiency and effectiveness of an organisation's activities</p>	
4	<p>APPLICATION OF STANDARDS - <i>Preface to the International Quality Control, Auditing, Review, Other Assurance, and Related Services Pronouncements</i> (facilitates understanding of the scope and authority of the IAASB's pronouncements)</p>	45

	----- what do IAASB pronouncements do?	
A.	APPLICATION OF ISAs - important points , ---- Fig. overview of the categories of auditing standards, as well as the ISA number sequence used for each category, and the number of standards in each category	46
(i)	SME Perspective --- ISAs often have a special section entitled 'Considerations Specific to Smaller Entities' examples	47
	--- e.g. of ISAs that are less relevant to an SME - ISA 300 , ISA 402 , ISA 510 , ISA 600 , ISA 610 , ISA 800	
a.	Audit Requirements - ----- small proprietary company as a business form , - --- small businesses choosing to either include key financial data in their annual returns to ASIC or having company's accounts audited , -----ways in which an association can incorporate ,	
	----A tiered approach to audit requirements for incorporated associations	48
b.	Future Developments - scalability and proportionality of the ISAs , -- challenges of applying ISAs - appropriate to focus on complexity of entities rather than size , ---role of IFAC in context of SMEs	
c.	Differential Reporting --- IFRS for SMEs , ----AASB introduced differential reporting for organisations that were required to apply full IFRS but found it burdensome (2nd tier) , --- Tier 1 reporting	
(ii)	Public Sector Perspective -----environment in which <u>public sector auditor works</u> , role of public sector and role of <u>auditor-general</u> , ---- <u>Several instrumentalities participate</u> in the control of <u>public expenditures</u> which is one of the main responsibilities of the government ,	49
a.	Mandate of the Auditor-General - the work of public sector auditors , Australia ---In the public sector, auditors work for either the Australian National Audit Office (ANAO) or state audit offices, which support the various state auditors-general. , -----core services provided by the Audit Office of NSW - an understanding of the audit work carried out by various state audit offices in Australia(Financial audits , Performance audits, Special reports)	
	Hong Kong	50
B.	APPLICATION OF ISREs - are international standards that cover the basic principles and essential procedures governing review engagements on historical financial information , - ISRE 2410 , ISRE 2400 , -----points related to review engagements	51
C.	APPLICATION OF ISAEs - ISAE 3000 (Revised) Assurance Engagements Other than Audits or Reviews of Historical Financial Information , In addition, there are four international subject specific standards for these assurance engagements. They are: 1. ISAE 3400 The Examination of Prospective Financial Information 2. ISAE 3402 Assurance Reports on Controls at a Service Organisation 3. ISAE 3410 Assurance Engagements on Greenhouse Gas Statements	

	4. ISAE 3420 Assurance Engagements to Report on the Compilation of Pro Forma Financial Information Included in a Prospectus.	
	---- five types of engagements and their specific international standards - 1. Historical non-financial reports — ISAE 3410 , 2. Future-oriented information — ISAE 3400 and 3420 , 3. Systems and processes — ISAE 3402 , 4. Aspects of behaviour , 5. Performance of activity — ASAE 3500 Performance Engagements	
D.	APPLICATION OF ISRSs - apply to non-assurance engagements involving related services - ISRS 4400 <i>Engagements to Perform Agreed-Upon Procedures Regarding Financial Information</i> , ISRS 4410 (Revised) <i>Compilation Engagements</i>	52
E.	AUSTRALIAN PERSPECTIVE - ASA 100 <i>Preamble to AUASB Standards</i> , ASA 101 <i>Preamble to Australian Auditing Standards</i> , ASA 102 <i>Compliance with Ethical Requirements when Performing Audits, Reviews and Other Assurance Engagements</i> <u>require assurance practitioners to comply with all AUASB standards, Auditing standards and Ethical requirements respectively.</u> , --- AUASB drafts Australian Auditing Standards (ASAs) equivalent to ISAs	
	---- Australian standards have the 'force of law' , --- ASAs are written in the context of an audit of a 'financial report' ----- how the ASAs that diverge from the ISAs are identified , ----- ASA standards that do not exist at the international level - ASRE 2415 , ASAE 3100 , ASAE 3450 , ASAE 3500 , ASAE 3610/AWAS 2 , APES 310 , ASRS 4450	
	---- changes in the Corporation Act led to issue of ASRE 2415 and the entities to which it applies	
5	<u>CHANGING ENVIRONMENT</u> - A. EVOLVING BUSINESS MODELS - over the time, the changes in the environment that leads entities to continually evolve their business models , ultimately may transform everything about the business model	53
	-----evolving of technologies impact an entity's business model	
B.	CLIMATE-RISK DISCLOSURE - The Task Force on Climate-related Financial Disclosures (TCFD) , - TCFD identified 2 main categories of climate- related risks - (i)Transition risks , (ii) Physical risks , ---- examples of climate-risk-related and climate change disclosures	54
	---- ISA 315 (Revised) - auditors need to consider climate related risks during the risk assessment phase of an audit , ----- ISA 540 (Revised) - <i>Auditing Accounting Estimates, Including Fair Value Accounting Estimates, and Related Disclosures</i>	
	----- Material climate-related disclosures if reflected in the financial statements, are audited as part of the annual audit.	
	---- ISAE 3000 (Revised) applicable when climate related disclosures made outside the annual report are assured
